Address/Fax : (none)
Artist Contracts : ACTRA

General Text : Director: George Kasey. We are seeking to create a world class performing artists run Western Geisha house in Toronto as a fundraiser in association with the creative commons actors workshop at The PeaceMaker Virtual Free University. We are tradition based and you will be working with other interns under strict aesthetic protocols. Sex trade workers need not apply. We will demand the dedication and perseverance of a monastic order. This is an artists owned business and you will be an equal shareholder in the company. From the synthesis of our work we will generate a feature film.

Now edit your Character-Breakdown:
